OUR INVESTMENT PLANS EXPLAINED

At TriumphFinancing we currently have two main plan types.

- **Cryptocurrency investment plan**
- **Stock investment plan**

With the large and fast growing market of digital currency, cryptocurrency especially bitcoin has been a scarce commodity which has made

it a sort after earnings option thus the need to have it as an investment plan option so basically this plan gives our users the opportunity to earn a living in the crypto currency world specifically bitcoin using the expertise of our reputable team to surge their earnings. On the other hand, there is the stock investment plan, we all would agree that the stock market has been around as long as the currency exchange market has existed. With the stock investment plan we guarantee to make earnings for our clients using the stock exchange medium for optimal and steady income.

HOW TO INVEST

After registration or login for the first time, to start making earnings, the system requires that you invest.

Here are the steps to invest.

1. If you are using a mobile device, click the breadcrumb

icon at the top right after you must have logged in to see the menu option, click on **your investment** option. Nonetheless if you are using the web version, you would see **your investment** option on the left side menu.

2. Click the button **New Investment** when the page loads.
3. Select Preferred category (Cryptocurrency or Stock)
4. Select investment plan
5. Drop the currency option and click on wallet address.
6. Enter the amount you want to invest.
7. Specify how often you want to receive your ROI (in weeks)
8. Click on the submit button
9. After the page loads, you are required to make payment so your investment can be activated.

Note: If you don't make payment and it's confirmed, your investment won't start running thus you won't be able to make earnings.

REFERRAL COMMISSION EXPLAINED

On TriumphFinancing, users can also earn extra money besides their huge return on investment from their investment by referring friends and family to the system. You are going to receive 5% of any investment made by your referral on the platform.

Note: There is no limit to what you can earn when you invite everyone you know, see it as a win win for everyone.

HOW TO WITHDRAW EARNINGS

On TriumphFinancing, users can withdraw their earnings depending the policy of the investment plan they opted for during their investing phase. The withdrawal of earnings is automated by the system to avoid delays and human error so once you're due for payment,

you are paid immediately, no hassle at all. On completion of the withdrawal process, with the wallet address of your choosing, your money will be sent to you within 24 hours. Effective and assured withdrawals are given by TriumphFinancing.

HOW TO COMPOUND INVESTMENT

On TriumphFinancing, users can also compound their existing investments by viewing the specific investment under **your investment** tab and click on the compound button. This combines the value of your current investment plus profit made on that investment to create a

compounded investment and that's all you need to do, very easy!

Note: Your investment will stop automatically after earnings until you either reinvest or compound the investment.
